One man comes from close by. Ten men come from far, they aren't close by.

Gedalya gets a lot of help to get rid of (להתפטר מ...) the smoke in his home.

The men are done. The smoke is from the egg pan (מחבת). The egg pan is in the garden of Gedalya's home. They got rid of the smoke in his home.

They didn't take money. "Gedalya, don't make eggs alone!" They hope there'll be no more smoke. Gedalya sent the men a note. "Thanks for all the help" it said.
